## SAN PEDRO SOUR

### FLATTERING PRE-ANNEXATION PROMISES HAVE NOT BEEN FULFILLED

A retired business man from San Pedro, who chanced to be in Glendale this week, hearing that Los Angeles annexationists had a campaign on to take in this district assured a representative of the Evening News that he wanted to issue a note of warning based on his own experience at San Pedro and Terminal Island. In describing the situation there, he said:

"Before annexation an election was held to determine whether Terminal Island should be a part of San Pedro or Long Beach and Long Beach won, but San Pedro contested the matter and the judges decided in favor of San Pedro, in spite of the election returns. As soon as that decision was rendered the campaign for the annexation of San Pedro and Terminal Island began.

"They brought speakers from Los Angeles, Mayor Alexander and others who promised the San Pedro and Terminal Island people everything they thought they wanted. Mayor Alexander personally promised Terminal Island a municipal ferry. They haven't obtained it yet. They were promised a sewer system and they haven't that yet, either. The L. A. city government did finally put in a good water system, but it was on account of the Yale and Harvard steamships which made that their port of entry, not on account of Terminal Island people.

"Before annexation we were not commission ridden. Now we have house commissions and light commissions and various other kinds of commissions who come in and bully the inhabitants and who are drawing big salaries which we help to pay.

"Then there is the fire insurance question. We have a fire tug down there now and a big hose from the Hammond Lumber Company, so we have good fire protection, but I am paying \$45.00 a thousand for fire insurance now in spite of the cheap insurance that was promised if annexation took place.

Terminal Island is a matter of indifference to Los Angeles and it gets no improvements unless they are demanded by the Southwest Shipbuilding Company. In fact, instead of helping Terminal Island the city officials have actually worked against it. Certain persons were ready to put in a large bath house and tent city at Terminal Island on the beach, an ideal spot for such a resort, but Los Angeles officials refused to permit it.

"There is still a telephone exchange in San Pedro and still a telephone toll charged between Los Angeles and San Pedro.

"We were also promised cheaper electric car transportation between San Pedro and Los Angeles, but instead of paying less we are paying more.

"Also, the taxes in San Pedro and Terminal Island are higher than they were before annexation and we can discover very little benefit from the union.

"Los Angeles has a regularly organized annexation commission which is at work all the time putting out propaganda through any medium it can find, even the pulpits."

## BUILDING EXPANSION

### FROM A \$75 SHED TO A HANDSOME PAIR OF SOLID BUILDINGS

From a \$75 shed to an ornate \$22,000 confectionery store and oil station is some jump in a building contract, but that's what happened at Brand and Colorado. Paul Crystal's little frame shack was moved away back near the center of the tract and a building in the shape of a hexagon to be used as a stand for the sale of fruit, candy, ice cream, soft drinks, etc., takes its place. Just back of it and separated only by a driveway, will be located a handsome brick and tile structure, 18x26, to be used as a filling station, with all the appurtenances thereunto belonging. E. D. LeClare of Garvanza is the lessee of this new business plant, which is expected to be completed by August 1st. This will make ten of these street corner filling stations in Glendale, besides a dozen or more in connection with accessory stores and garages.

## HOUSES IN DEMAND

The Evening News is constantly besieged with people urgently demanding places to live. Fifty good houses of from four to seven rooms could be rented tomorrow if available. It seems a pity that so many good citizens as this would bring are being lost to us.

## THE ETERNAL TRIANGLE

### IT CAUSES A BAD SMASH-UP AS IS ALWAYS THE CASE

The "eternal triangle," not the usual disgusting kind, thank goodness, for Glendale is generally free from such, caused quite a smash-up yesterday noon. This time it was a big touring car, a Ford and a truck. The truck was standing at the corner of Brand and Colorado, where a load of material had been unloaded from it, the Ford was ambling along Colorado and the touring car was careering down Brand at entirely too great speed for such a crowded thoroughfare and especially for an approach to a dangerous corner like that of Brand and Colorado. The big car swerved sharply to avoid a collision with the Ford and crashed into the truck. The ever-lucky Ford had only a bent fender, caused by a side swipe from the big car, simply that and nothing more; the truck was bruised and dented somewhat, but not damaged. The touring car, however, had as completely smashed a radiator as is often seen, and other injuries, but no damage was done to persons, which was quite fortunate, considering the force of the impact.

## DEATH OF AGED RESIDENT

Mrs. Phebe A. Welsch died at the home of her daughter, Mrs. Wealthy Hall, 331 Patterson avenue, yesterday afternoon. She was born in Ohio, Dec. 2, 1829, hence was in her 90th year. She came to Glendale from Groten, South Dakota, with Mr. and Mrs. Hall five years ago. Previous to that she had divided her time between the homes of her two daughters, Mrs. Hall in Groten, S. D., and Mrs. Nora Ledger, in Byron Center, Mich. Mr. Hall was killed by an auto a year after the arrival of the family in Glendale, at First and Central avenue, and since then she has spent all the time with the bereaved daughter. The remains will be buried tomorrow in Forest Lawn. The funeral services, in charge of the Pulliam Undertaking Co., will be in the Little Church of the Flowers.

## POSTOFFICE CONCESSIONS

George Hallett, Superintendent of the Glendale Main Postal Station on Brand boulevard, in deference to numerous requests to have the postoffice lobby left open after six p. m., took the matter up with Los Angeles postoffice officials who have ruled that it can remain open until 9 p. m. There will be no attendant at the window, but persons having P. O. boxes can get access to them at those hours.

Mr. Hallett also says he has been notified to accept three-cent stamped envelopes and two-cent postal cards in exchange for an equivalent in value of stamps, stamped envelopes or postal cards. The order applies only to July and those who have such stock on hand will do well to bring it in for exchange without delay.

## MR. AND MRS. RIGGS SURPRISED

A most delightful evening was enjoyed by the young people of the Presbyterian Church last night when they held a surprise party for Mr. and Mrs. Clifford Riggs.

Meeting at the church, they went to the home of the newlyweds and showered them with rice. They were then conveyed to the home of Miss Marie Maier where a pleasant social evening was enjoyed.

Those present included Mr. and Mrs. Clifford Riggs, Mr. and Mrs. James Newton, Mr. and Mrs. James Cooper, Rev. and Mrs. Edmonds, Mrs. Field, Misses Bessie Field, Marjorie Smith, Marie Maier, Alma Pardon, Ethel Preston, Margaret Pardon, Vera Grant and Messrs. Will Richards, Sabin Buck and Joe Maier.

## FUNERAL OF CHAS. W. BURKET

The funeral of Charles W. Burket, which was held this (Friday) morning at the Pulliam parlors was very largely attended as deceased had resided here for fifteen years and had a host of friends and was also related by blood or ties of marriage to many families of prominence who came to Glendale from Iowa. The floral tributes were very beautiful and included an especially handsome piece from the local Elks' Lodge which Mr. Burket and his son Dana joined a few weeks ago. Services were conducted by Rev. B. Johnson, a former pastor of the First Methodist Church of this city, and burial was in the family lot at Grandview Cemetery.

WEATHER FORECAST—Fair.

## MRS. MOONEY FAILS TO SEE PRESIDENT

### VISITS WASHINGTON ON BEHALF OF THOMAS MOONEY SERVING SENTENCE FOR BOMB THROWING

WASHINGTON, July 11.—Rena Mooney, wife of Thomas Mooney, failed in an attempt which she made this morning to secure an interview with President Wilson. She came to Washington in behalf of her husband who is serving a life sentence in a California prison for dynamiting in connection with the San Francisco preparedness parade. She saw Mr. Tumulty last night and expects interviews with Secretary of Labor Wilson and others before leaving.

After she had waited to see the president, Secretary Tumulty informed her the president would be glad to read any petitions she might present on behalf of her husband but feels that he has done all it is possible for him to do in the case. The remedy now lies with the governor of California.

## DOMINATION OF FOOD SUPPLIES

### FEDERAL TRADE COMMISSION DECLARES "BIG FIVE" PACKERS THREATEN FREEDOM OF MARKETS

(Special Service to Glendale Evening News)

WASHINGTON, July 11.—The Federal Trade commission in reporting to President Wilson have today declared that unless Congress acts immediately the "big five" packers will soon have powerful domination over the nation's food supply through international control of meat products.

The commission declared that Armour, Morris, Swift, Wilson and Cudahy interest "threaten freedom of the markets of the nation's food industries and of the by-products of the industries, linked therewith." The report said that the packers are now manufacturing or dealing in seven hundred and seventy-five different commodities and have control over seven hundred and sixty-two formerly independent companies, including public utilities in many cities such as Kansas City, San Francisco, Portland, Fort Worth and Chicago.

Among the commodities in which they are securing interests are: sheep and lamb shoe stock, glove stock, poultry, eggs, cheese, breakfast foods, fruit, canned vegetables, coal, fence posts, builders' hardware, binding twine, lumber, cement, lime, plaster, brick, rice and soda fountain supplies.

## SURRENDER OF U. S. SOVEREIGNTY

### OPPONENTS OF LEAGUE OF NATIONS CLAIM PRESIDENT'S STATEMENT ADMITS RELINQUISHMENT

(Special Service to Glendale Evening News)

WASHINGTON, July 11.—Senators who are opposing the league of nations seized on President Wilson's statement that the league must be ratified "at whatever cost of independent action" as an admission that the United States must surrender some sovereignty in behalf of the league.

Senator Borah declared that the president's words refuted the statements of league supporters that the league does not infringe upon American rights. League opponents are preparing an attack on the Shantung settlement. They believe they can muster much strength on a measure altering that phase of the treaty.

Supporters of the league said the president's willingness to appear before the Foreign Relations committee is evidence that he feels the league cannot be attacked effectively. It is believed that he will address the Senate again during the fight.

## STRIKE OF VESSELMEN ON ATLANTIC

### UNLESS ADJUSTMENT IS SOON REACHED ALL SHIPS MAY BE HARBOR LOCKED

(Special Service to Glendale Evening News)

NEW YORK, July 11.—The shipping board today announced a strike of water tenders, firemen and oilers, in New York harbor this morning which tied up one hundred government ships.

Private steamship owners indicated that the strike may keep every Atlantic and gulf steamer in port unless adjustments are made immediately. The men demand \$15 monthly wage increase.

The strike was called yesterday but the full effect was not felt until this morning.

Reports showed that the strike had spread to practically every Atlantic and Gulf port.

## RESIGNATION OF JAPANESE AMBASSADOR

### FORMAL ANNOUNCEMENT HAS BEEN MADE THAT COUNT ISHII HAS RESIGNED

(Special Service to Glendale Evening News)

TOKIO, July 11.—The resignation of Count Ishii as Japanese ambassador to the United States has been formally announced. He left Washington a number of weeks ago and it was known then that he would resign.

## R-34 MAKING GOOD SPEED ON RETURN FLIGHT

(Special Service to Glendale Evening News)

NEW YORK, July 11.—Latest advices from British dirigible R-34 showed that she is half way across the Atlantic and making good speed.

## TRUSTEES' MEETING

### BOARD CONSIDERS MANY QUESTIONS AT THURSDAY NIGHT'S REGULAR MEETING

The Board assembled at 8:40 p. m., July 10, 1919. All members present. Minutes of the last regular meeting of June 26th and also of the adjourned meeting of July the first were read and approved.

A letter was read from Clarence Edwards thanking the Trustees for the memorial of appreciation of the services that have been rendered by the young men of Glendale in the great war, which he had received.

An application was read from A. S. Formoe for a permit to conduct a one-cow dairy at 1227 Boynton St., which on motion of Trustee Henry was granted.

An application was presented from James J. Jeffries for a permit to drive motor truck over the streets of the City of Glendale on regular delivery of milk between Burbank and Los Angeles. On motion of Trustee Shaw it was ordered that a hearing on the application be set for 8 o'clock p. m., July 17, 1919, in the Council Chamber.

The Clerk, having received letters of inquiry from persons living in the annexed territory who had been subject to double assessments inquiring as to rebate, reported the fact to the Board. The Chairman stated that the Trustees are considering the best method of making these refunds in order to be within the limits of the legal requirements, but no decision has yet been arrived at.

The application of L. Lombardo for permit to operate motor truck service over the streets of the city set for hearing on this date was taken up and on motion of Trustee Henry the permit was granted for the term of one year from date, subject to any regulations and requirements that the City of Glendale may impose.

An application was received from C. C. Gingery for permit to conduct a jitney business, which was, upon motion, referred to the City Manager to report upon at the next regular meeting.

A communication was read from City Marshal J. P. Lampert, recommending for appointment on the Police Force, Sam W. Reid and J. T. Alexander. In this connection, Trustee Shaw presented a resolution, which on his motion was adopted as Resolution No. 1079 appointing Sam W. Reid police officer.

Trustee Shaw also presented a resolution, which was on his motion adopted as Resolution No. 1080 appointing J. T. Alexander police officer.

It was ordered that at this time the (Continued on Page 4)

## SUNLAND HAS DOUBTS

At the meeting held at the La Crescenta schoolhouse Tuesday evening to promote the annexation of La Crescenta, La Canada, Little Landers and Sunland to Los Angeles the Sunlanders did not respond with enthusiasm to the proposition and following the session arranged for a meeting of their own citizens which was held Thursday evening to protest against being included in La Crescenta's annexation campaign. If Sunland is unwilling to be a party to the movement it will embarrass the project somewhat because Sunland is the connecting link. Hanson Heights is now a part of Los Angeles and Sunland lies between Hanson Heights and La Crescenta.

## NEW QUARTERS FOR RED CROSS SHOP

Mr. Logan, owner of the building formerly occupied by the Telephone Company on North Brand boulevard, has generously granted the Red Cross Shop—ordered out of its present quarters—the use of the ex-telephone office. Boy Scouts under Scout Master L. T. Rowley, have been cleaning and preparing it for occupancy and the shop will probably take possession today or Saturday. It is larger than the quarters the Shop has occupied and is next to an alley which will be a convenience in delivering salvage to the rear door.

## DECORATING FOR ORIENTAL DANCE

The Elks are neglecting nothing that will add to the charm of surroundings tomorrow night when the Oriental Dance comes off. The Glendale Plant & Floral Co. is doing some decorating with plants and flowers that will cause eyes to open with surprise. One feature is a large palm garden down stairs. The front of the building is to be made a bower of living green, also. Capt. Jackson is giving his personal supervision to this work as a labor of love.

## SCENIC AIR ROUTES

### WILL THEY BE ADVERTISED IN FUTURE AS RAIL AND AUTO ROUTES NOW ARE?

The recent trip of Lieut. Elon Brown, pilot of L. C. Brand's big Mono Eagle bi-plane, to Bishop, and his return today in a non-stop flight, opens up possibilities most alluring to those loving scenery and adventure.

Will not the day speedily come when scenic air trips will be as regularly advertised as Royal Gorge, Grand Canyon, Yosemite and other rail and auto journeys? In the short skip from Glendale to Bishop, 300 miles, is crowded a series of thrills that should satisfy the most venturesome. Leaving the hangar on the hillside in front of Brand's Castle, North Glendale, the airship can skim along at low altitude to San Fernando, then across the mountain range, following the aqueduct all the way to the intake at Owens River, then on north to Bishop. This trip would disclose scenes of indescribable beauty as the aeroplane skirted the lofty Sierra Nevada range, with Mt. Whitney as the highest peak, and others nearly as high. Rugged canyons carpeted with never-melting snow, could be glimpsed at intervals on the one side, while on the other vast reaches of desert sands would spread their seemingly endless waste before the vision of the air tourist. This is but one of scores of scenic trips that could be planned for and many such will doubtless materialize within the next few years.

## AMID ETERNAL SNOWS

Miss Gertrude Rohe of 125 South Louise returned home Sunday last from a very disappointing mountain trip. She went up on the S. P. above Owens Lake, in Inyo county, intending to climb Mt. Whitney and then through some pass cross over to the east side of the mountains and come home that way. But though the snowfall the past two winters has been very light it has apparently not melted in the least in the passes and though Miss Rohe had the best guide to be procured, a man of long experience in mountain climbing both in this country and Canada, it was impossible to break through, as only trails are available. Kearsarge and Junction passes are both 14,000 feet above sea level, the highest in the world. Mount Whitney is 14,502 feet above sea level. Miss Rohe was much disappointed at not being able to climb Mt. Whitney and says she will try it again.

## HONOR CLUB MEMBER

### TREBLE CLEF LADIES SURPRISE WITH ELABORATE LUNCHEON

The members of the Treble Clef gave a most elaborate luncheon, Thursday, at high noon, in honor of Mrs. Eva Hutton, a member of long standing. The affair took place at the beautiful Hutton home, 326 East Colorado street. Mrs. Hutton had been informed that the ladies were coming, and was prepared for them, but the nature of the luncheon and entertainment was kept as a surprise. The spacious rooms were artistically decorated with fronds of fern, and dahlias brought by Mrs. Ogg. A full course luncheon was served. Many clever dimericks were given, and Mrs. Hutton, under the inspiration of the occasion, gave the following lines:

Mrs. "Whiting," a dear little woman, you know  
Attempted to see if some music could flow,  
She worked day and night with this object in view  
To smooth out discords, in this circle so new.  
We needed a "Herald" to start out the strain  
And unto the world our efforts proclaim.  
To keep us from losing our tune in the bog,  
She added a second in dear "Mrs. Ogg."  
To "Chappell" she guided our pathway in life,  
To keep from getting "Puffer'd," or falling in strife,  
She placed a "Bar—ton" to give pitch and time  
That all could carry their parts on each line.  
To places of pleasure we "Green-waltered" our way,  
To a Hutt—on—a hill where we're playing today.  
"Letts" have all the jolly good times we may share,  
Ere life makes a break, in our circle so fair.

## ANTI-CARBURETORS

A Cleveland man is said to have invented an anti-carburetor which dispenses with the carburetor of an automobile and feeds direct.

As a result of the invention, he says, it will be possible to run ninety miles on a quart of gasoline, and even to run a short distance on water alone, should gas give out.

Of course, should the invention prove perfectly practical, a reduction in price should accompany the reduction in demand for gasoline, and feeding the machine will not add to father's problem of buying shoes for the children as it has hitherto.

Now if only some enterprising soul could invent an anti-carburetor for human beings which would reduce the quantity of food essential to life, with a consequent reduction of prices, what a blessing it would be.

### Personals

O. A. Lane spent Wednesday in Pomona, where he went on a business errand.

Mrs. James McDonald of 1255 South Maryland avenue is visiting her parents in San Diego.

Mr. and Mrs. Henry Koepke of 1122 South Central avenue, left yesterday for their Oregon ranch.

Mrs. Eustace B. Moore of South Maryland avenue is in Pasadena attending the camp meeting of the Nazarenes.

Mr. Travers of 124 Milford street, who has been laid up for several weeks with an injured foot, is now able to be about.

Mrs. M. Judd, of the H. L. Miller Real Estate office and her son John, are enjoying an outing at Catalina this week.

The Bankes family of 241 South Kenwood street, who have been touring the north, are expected home soon.

Dr. Evans, pastor of the Congregational Church at La Canada, has moved to the ranch he recently purchased on Palm Drive, that city.

Ray Bentley of 346 Hawthorne street, his wife and family and his father, John Bentley, have just returned from a two weeks' vacation in the San Joaquin Valley where they visited friends.

Dr. Ernest Archer, who was recently brought to the home of his parents on East Elk avenue, from the Banning Sanitarium, has improved quite perceptibly since his arrival. He greatly enjoys the companionship of father, mother, sister and friends.

Mrs. Ernest Harwood and family of Cypress avenue are going down to Orange to spend a few weeks with her father, Mr. Hoskins. Mr. Harwood writes from Santa Barbara that he is studying hard and having some carnival experience.

Mrs. Edith A. Penton, who with her daughter, Margaret, and sister, Miss Gertrude Rohe, has been living in the Kenwood Apartments for two or three years, bought the property at 125 South Louise from C. A. Hall, the first of the week, and moved in yesterday.

A meeting of the Program Committee of the Music Section of the Tuesday Afternoon Club was held at the home of the curator, Mrs. Charles Parker, Wednesday afternoon, to discuss plans for the coming year. Present were Mesdames Eva Cunningham, Frank Arnold, Roy Masters and L. N. Hagood.

Mr. and Mrs. James H. Woods and daughters, Kathleen and Dorothy, of 122 Milford street, are leaving Saturday for Catalina where they will occupy for two weeks one of the new bungalows just built. They are taking tennis rackets, butterfly nets and bathing suits and expect to have a fine time.

Mr. and Mrs. Glen Porter, who left several weeks ago on an overland auto trip in a specially prepared Ford, reached their destination, Alledo, Illinois, safe and sound and are now visiting with friends and relatives in and around that city where the yare making their headquarters. They are making their headquarters about the first of September.

Mrs. E. L. Weaver, and two children, arrived Tuesday evening from South Dakota and are at the home of Mrs. Weaver's brother, Alton R. Goodale, of 1254 South Maryland avenue. Mrs. Weaver resided in Glendale for several years and has many friends here who will welcome her back to Glendale, for she plans to locate here.

Mrs. J. G. Huntley will start Tuesday morning for Yellowstone Park where she will be joined by Mr. Huntley. After making a tour of the park they will motor home in a leisurely way stopping at Seattle, Tacoma, and other northern points. It will probably be a month before they return. Miss Virginia Huntley, who at first planned to accompany them has decided to remain in Glendale.

Mrs. Lorena Cramer is rejoicing over the news that the army of occupation is coming home because it will bring her son, Wallace Cramer, who is now in Coblenz, Germany. She and her son, Horace, will start Monday for Lake Tahoe going by way of Bakersfield and picking up Earl Cramer. They are planning to spend two weeks at the lake. Mrs. Cramer's daughter, Mrs. Biddle, has come down from Maricopa and is spending the summer at her mother's home.

Sergeant Laurence H. Bess, brother of Mrs. W. H. Nicholson, of 1215 East Wilson avenue, arrived Wednesday, and there is great rejoicing in the Nicholson home. He has been in the army for about two years and was employed as a motor mechanic in the air service in France. He did not get to Germany and did not participate in any offensives, but does not regret his army experience for he has seen many interesting things. Speaking of the work for soldiers done by the Salvation Army, the Knights of Columbus and the Y. M. C. A., he says they all have done great things for the army and they seemed to him equally good. He had no criticism to make of any of them.

### HONOR CLUB MEMBER

(Continued from Page 1)

We've had many hours of hard practice, and fun  
To pass time in profit, and pleasure begun.  
So here's to the jolly, good-natured old elf.  
We call it, in honor, our old "Treble Clef."

The following limerick in honor of Mrs. Whiting was also contributed:

"Far away in the State of New Jersey  
Not so very long ago  
There sat, two bright, tall boys, together  
For four years in Princeton's W. row.

One planned out the life of a statesman  
He aspired for National fame  
Some years ago he reached his ambition  
Woodrow Wilson is his name.

The other boy's program was different  
He chose the business life  
All he needed to make him happy  
Was Real Estate, a home, and little wife.

So he captured a little song bird  
Dainty as the thistle—down  
Together they traveled westward  
Built a home in Glendale town.

This charming little lady  
Is the text of my limerick today  
For she always makes everyone happy  
So we Treble Clef members all say.

For every Wednesday morning  
The Treble Clef to her home would go  
And sing about "Orphan Annie"  
"Amyrillis," and "Sweet and Low."

Often in my musing and last night  
in a reverie  
I could not help but say to myself  
What a pity it would be

If Calvin Whiting had aspired for  
Presidential fame  
The Treble Clef would be unknown  
Not even have a name.

We thank you, Mrs. Whiting.  
We will always love your name.  
And if you go to the White House  
The Treble Clef claims you just the same.

The literary program of the afternoon consisted of humorous readings, given by Mrs. Calvin Whiting. The Treble Clef rehearsed their entire repertoire of music, much to the pleasure of Mrs. Whiting, who had trained the members in these songs.

Unique place cards representing the Treble Clef were placed for the

## How to make Iced Tea

Use one quarter more tea leaves than you do for hot tea. Pour on boiling water and allow to steep for at least five minutes. Pour the liquid off the leaves and let it cool naturally. Allow three hours for the cooling process. Pour into glasses and add a lemon slice and a little crushed ice a few moments before serving. An excellent flavor will result.

## TRUSTEES' MEETING

(Continued from Page 1)

bids received in accordance with advertisement, for the purchase of certain city property be opened, read and publicly declared. The bid of G. J. Fanning, offering to purchase the house on Stanley avenue for the sum of \$455.00 was opened, read, and publicly declared. The bid was accompanied by a check for the sum mentioned and on motion of Trustee Henry it was ordered that the bid be accepted.

Reports were received and ordered filed from the following city officers: Treasurer, Tax Collector and City Recorder.

The City Manager presented a written communication to the Board proposing for its consideration the adoption of an ordinance providing for the establishment of certain funds. On motion, the matter was referred to the Committee of the Whole.

The City Manager made a report as to conditions on West Broadway in connection with the city's efforts to furnish the people of that section with an adequate water supply. He stated that it seemed to be impossible to secure the consent of all of the owners of the water pipe on that street for the delivery of water, and it was recommended as a temporary expedient that a section of two-inch screw pipe be laid for the purpose of providing better supply of water to the residents of that district than they can now secure. On motion of Trustee Shaw, the City Manager was authorized to have the temporary pipe laid as recommended by him, at an expenditure of not more than \$250.00.

Waiting Station at San Fernando and Brand Blvd.

The City Manager reported that a number of requests had been made during the past year for the establishment of a small waiting station at the intersection of San Fernando Road and Brand boulevard, and recommended that the station now located at the southwest corner of Colorado street and Brand boulevard be removed to the location first mentioned, to be placed either on the railroad right of way, if such location is acceptable to the railroad company, or in the parking or on private property on the west side of Brand boulevard, north of San Fernando Road, provided that the Pacific Electric Railroad Company will pay a portion of the costs. On motion, the recommendation of the City Manager was adopted, and it was ordered that action be taken in accordance therewith.

The City Attorney having prepared an ordinance ordering the laying out and opening of Orange street, the same was presented to the Board by Trustee Shaw, read, and laid over for one week.

The City Manager presented a deed for right of way for pole line, signed by George Hanna, which, on motion of Trustee Henry, was ordered to be accepted and recorded.

The City Manager presented a contract prepared to be entered into with W. S. Althouse as Consulting Engineer; action deferred.

On motion of Trustee Shaw, the City Attorney was directed to order from the Title Co. the list of property owners involved in the opening and widening proceedings on Orange street.

Fire Chief Lankford presented to the Board a written report in regard to the accident which occurred on July 3rd at the junction of Central avenue and Los Feliz Road.

On motion of Trustee Henry, it was ordered that Ordinance No. 276 regulating the granting of permits for the operation of motor busses for carrying passengers in the City of Glendale, be referred to the City Attorney for revision.

On motion of Trustee Henry, Fire Chief Lankford was instructed to have repairs made to the city automobile damaged by the accident of July 3rd, at a cost of \$245.00, in accordance with the bid of the Western Mechanical Works.

The City Clerk was granted a vacation of one week beginning July 14, 1919.

## BUSINESS IS GOOD

Rented to R. L. Heinsius, 355 Oak St., furnished, for Dr. Marquam.

Rented R. E. Johns, 546 Oak St., for Mr. Page.

Real estate is moving all the time. We are busy from morning till night and I want to say that snaps such as we have been having are getting scarce. Now builders can get busy and build some good houses and we can certainly sell them at a profit from now on. Our neighboring towns are building like wild fire. Moneyed men, get busy.

## The Goodrich Square—Standard Measure of Tires

The one sure way to tell what a tire is worth as it stands in the store of a dealer, is to divide its price in dollars and cents by the miles of the adjustment that backs it up.

Then square it on the GOODRICH SQUARE, Standard Measure of True Tire Value.

Square its price against Goodrich List Prices on the short branch of THE SQUARE.

Square its mileage adjustment against the Goodrich More-Mileage Adjustment on the long branch of THE SQUARE—6,000 miles for Fabrics; 8,000 for Silvertown Cords.

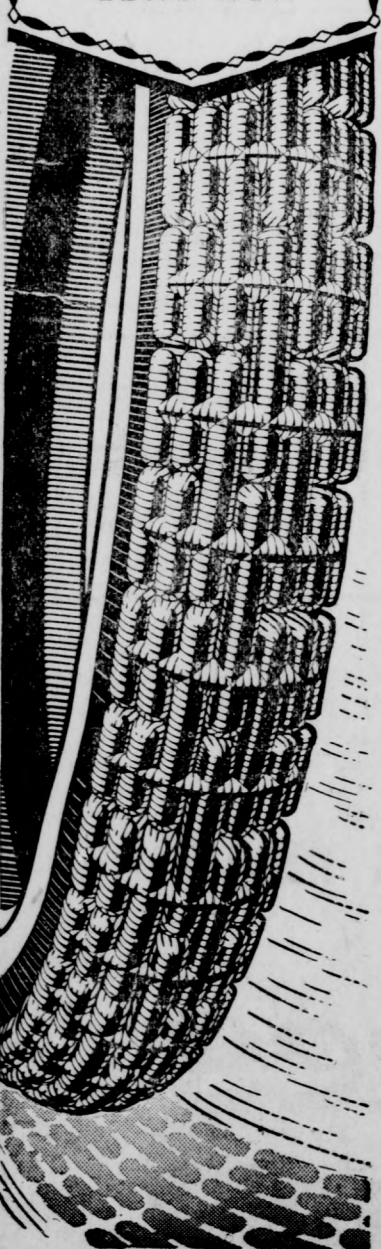

If you pay more than the Goodrich List Prices — always the same to you, and everywhere else — the tire overcharges you. If you take less than the Goodrich MORE - MILEAGE Adjustment, you short-mileage yourself.
